Little Paws & Big Adventures, LLC

Healthy hikes and social play for small dogs.

Why Hire A Certified Dog Walker For Weekday Walks?

Your small dog needs to be walked every day to stay healthy and happy. He won't get the exercise and interaction he needs sitting alone in the backyard or from a quick stroll around the block. But you're too busy for long daily walks.

A certified dog walker can do the walking for you.

Hiring a dog walker isn't just for vacations anymore. Regular group walks, from two to five days a week, are the modern way to conveniently fulfill your dog's vital physical and social needs while freeing up your schedule.

Your Dog Gets:

- ▶ Regular exercise that keeps him fit and at a healthy weight
- ▶ To be a dog exploring the outdoors with his "pack" friends

You Get:

- ▶ Peace of mind at work knowing he's being well taken care of
- ▶ A better behaved dog who's ready to relax when you get home

Get peace of mind and a better behaved dog with regular weekday walks.
